Inside Alzheimer's Nancy Pearce

We have long underestimated the person who has dementia. Each one's ability to reach out in familiar ways certainly diminishes yet he or she is always able to experience the deep benefits that come from being in vital relationship with others. Inside Alzheimer's tells how dozens of persons with dementia and their sharing of wisdom, humor and life's teachings led Ms. Pearce to the six basic principles of connection--how one person connects with another: Intend a connection, Free yourself of judgment, Love, Open to receive love, Silence and Thankfulness. Internalizing these principles has empowered hundreds of family, friends, and professionals to create moments of connection with persons, regardless of how advanced the dementia, and to co-create a more supportive community of care.
