Deep Fathom

James Rollins

Deep Fathom James Rollins

New York Times bestselling author James Rollins dives far beneath the waves into unimaginable peril in this classic tale of action and adventure.

Ex-Navy SEAL Jack Kirkland surfaces from an aborted underwater salvage mission to find Earth burning. Solar flares have triggered a series of gargantuan natural disasters. Earth-quakes and hellfire rock the globe. Air Force One has vanished from the skies with America's president on board.

Now, with the United States on the narrow brink of a nuclear apocalypse, Kirkland must pilot his oceangoing exploration ship, *Deep Fathom*, on a desperate mission miles below the ocean's surface. There, devastating secrets await him--and a power an ancient civilization could not contain that has been cast out into modern day, where it will forever alter a world that's already racing toward its own destruction.

See why the *Providence Journal-Bulletin* calls James Rollins "the modern master of the action thriller" with this classic Rollins tale.
