Rethinking Urban Parks Setha Low, Dana Taplin, Suzanne Scheld

Urban parks such as New York City's Central Park provide vital public spaces where city dwellers of all races and classes can mingle safely while enjoying a variety of recreations. By coming together in these relaxed settings, different groups become comfortable with each other, thereby strengthening their communities and the democratic fabric of society. But just the opposite happens when, by design or in ignorance, parks are made inhospitable to certain groups of people. This pathfinding book argues that cultural diversity should be a key goal in designing and maintaining urban parks. Using case studies of New York City's Prospect Park, Orchard Beach in Pelham Bay Park, and Jacob Riis Park in the Gateway National Recreation Area, as well as New York's Ellis Island Bridge Proposal and Philadelphia's Independence National Historical Park, the authors identify specific ways to promote, maintain, and manage cultural diversity in urban parks. They also uncover the factors that can limit park use, including historical interpretive materials that ignore the contributions of different ethnic groups, high entrance or access fees, park usage rules that restrict ethnic activities, and park "restorations" that focus only on historical or aesthetic values. With the wealth of data in this book, urban planners, park professionals, and all concerned citizens will have the tools to create and maintain public parks that serve the needs and interests of all the public.

Third, you may share your knowledge to other folks. When you read this Rethinking Urban Parks, you may tells your family, friends and also soon about yours book. Your knowledge can inspire different ones, make them reading a publication.

Michael Rodriguez:

Can you one of the book lovers? If yes, do you ever feeling doubt if you are in the book store? Aim to pick one book that you just dont know the inside because don't evaluate book by its handle may doesn't work this is difficult job because you are scared that the inside maybe not while fantastic as in the outside search likes. Maybe you answer is usually Rethinking Urban Parks why because the great cover that make you consider with regards to the content will not disappoint a person. The inside or content is fantastic as the outside or even cover. Your reading 6th sense will directly assist you to pick up this book.

Valerie Little:

As a scholar exactly feel bored to be able to reading. If their teacher questioned them to go to the library or make summary for some reserve, they are complained. Just tiny students that has reading's internal or real their pastime. They just do what the educator want, like asked to go to the library. They go to right now there but nothing reading significantly. Any students feel that reading is not important, boring and also can't see colorful images on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this Rethinking Urban Parks can make you feel more interested to read.
