Just a Couple of Days Tony Vigorito

"May be the most unusual, the most original novel I have ever read." --TOM ROBBINS

"A lyrical, thoughtful, viral meme of a book. Read it!" --CHRISTOPHER MOORE

Join cult favorite Tony Vigorito in his award-winning underground sensation chronicling the party at the end of time. A mischievous artist kicks off a game of graffiti tag on a local overpass by painting the simple phrase, "Uh-oh." An anonymous interlocutor writes back: "When?" Someone slyly answers: "Just a couple of days." But what happens in just a couple of days? Professor Blip Korterly is arrested, his friend Dr. Flake Fountain is drafted into a shadow-government research project to develop the ultimate biological weapon, and an accidental outbreak turns into a merry-hearted, babble-inducing apocalypse that will either destroy humankind or take it to the next step in evolution.

"Vigorito's... irreverent, whimsical style...has attracted a cult following... The final apocalyptic vision is a twist not seen since **Kurt Vonnegut's** *Cat's Cradle*. Recommended." --*Library Journal*
