Location Photography: Essential Skills Mark Galer

Covers all the fundamental skills required for location photography when using Digital, 35mm SLR and medium format cameras working with both existing light sources and introduced light.

Through a series of practical exercises the student photographer is shown the importance of image design, communication of content and the essential techniques required for competent and consistent images capture and creation. The basic essentials, from exposure, to framing the image and how to work with light and contrast are explained in detail. New in this edition are chapters covering 'Sensitivity and Image Capture' and 'Filters'.

Assignments are provided for genres such as landscape, environmental portraiture and the photographic essay. Illustrated throughout with student and author work, including a new 8-page colour plate section, Location Photography is an inspirational guide as well as a structured learning tool for mastering the essential techniques.

Mark Galer lectures in photography at the Royal Melbourne Institute of Technology, Australia - the leading photography course in the southern hemisphere. He is also co-writer and teacher on their new online photography courses. He has lectured in photography both in the UK and Australia and has worked commercially as a freelance photographer on corporate and editorial. He is also author of 'Photography Foundations for Art and Design', and co-author of 'Digital Imaging: Essential Skills' and 'Photographic Lighting: Essential Skills' also published by Focal Press.
