**Battles of the Elohim: They Walked As Men** Christian Harfouche, Robin Harfouche

In this riveting book, the author explores the history of the "Elohim," the titans or giants birthed through the union of fallen angels with human women (as recorded in Genesis), and the "bull spirit" behind them. Using both the Bible and many other ancient writings, the author carefully outlines evidence that these beings existed and explains the agenda behind their cruel reign upon the earth-- to corrupt Adam's race through whom the Savior was promised to come and to offer alternative "heroes" to save humanity. The book explores how this agenda and the gods associated with it affected biblical history-- with a look also at present and end-times implications.
