Freeing God's Children: The Unlikely Alliance for Global Human Rights Allen D. Hertzke

With the dawning of the 21st Century a new human rights movement burst unexpectedly onto the global stage. Initially motivated by concern for persecuted Christians around the world, unlikely alliances emerged, and the movement grew to encompass a broader quest for human rights. Now, American evangelicals provide grassroots muscle for causes joined by a wide array of activists—from Jews to Catholics, feminists to Pentecostals, African American leaders to Tibetan Buddhists—in the most important human rights movement since the end of the Cold War.

Given unprecedented insider access, author Allen D. Hertzke charts the rise of this faith-based movement for global human rights and tells the compelling story of the personalities and forces, clashes and compromises, strategies and protests that shape it. In doing so, Hertzke shows that by bringing attention to issues like religious persecution, Sudanese atrocities, North Korean gulags, and sex trafficking, the movement is shaping American foreign policy and international relations in ways unimaginable a decade ago.
