Isaiah Berlin

The Proper Study Of Mankind: An Anthology of Essays Isaiah Berlin

Isaiah Berlin was one of the leading thinkers of the century, and one of the finest writers. *The Proper Study Of Mankind* selects some of the best of his essays. The full (and enormous) range of his work is represented here, from the exposition of his most distinctive doctrine - pluralism - to studies of Machiavelli, Tolstoy, Churchill and Roosevelt. In these pages he encapsulates the principal movements that characterise the modern age: romanticism, historicism, Fascism, relativism, irrationalism and nationalism. His ideas are always tied to the people who conceived them, so that abstractions are brought alive. His insights both illuminate the past and offer a key to the burning issues of the today.
