Tempers are flaring around Zombillenum, the amusement park run by monsters. When one hires only the witches, vampires, werewolves, and other undead in a region where unemployment is in the double digits, one must expect some friction. But things get particularly ugly when the park's security is breached from two sides: activists and a very strange visitor, the mother of two peculiar sons that the head of the park seems to remember from somewhere. Presented in Arthur de Pins's trademark, tongue-in-cheek black humor, this is a stunning beautiful, fully painted graphic novel that plays on that traditional horror genre.
