The Kolbrin Bible

The Kolbrin Bible

The Kolbrin Bible dates back 3,600 years and offers unique and enlightened insights from the past to both challenge and affirm our present day beliefs. This 2-part, 11-book secular anthology is nearly as large as the King James Bible. The first six books are called the "Egyptian texts" and were penned by Egyptian academicians following the Hebrew Exodus. The last five books are called the "Celtic texts" and were penned by Celtic priests following the death of Jesus.

Several accounts describe an object in orbit around our sun called the "Destroyer," which the Celtic authors call the "Frightener." According to recently translated Sumerian texts, this object (also known as Nibiru or Planet X) is in a 3600-year orbit around our sun, and *The Kolbrin Bible* warns us of its imminent return and of yet another Biblical tribulation.
