What game is she playing?

Rowan hadn't seen Lillian in over a year-not since she broke his heart and killed his father in one fell swoop- so why would she pick today to just show up outside his favorite coffee shop, dressed in outlandish clothes and pretending she doesn't recognize him. Is she turning to Tristan now in some pathetic effort to drive them apart? Why insist her name is Lily? And where is her Willstone? Her wild claims of being from a parallel world are just crazy and pathetic...right?
