The story of Mojud which Osho introduces here is one of the greatest stories. It has that special flavor that only a Sufi story can have. It is incomparable. It is not just a story; Sufi stories are not just stories. They are not to entertain, but they are teaching devices.

This story describes the path or the journey of spiritual discovery, personal transformation and growth.

Osho says: "So listen to this story as attentively as possible. Let this story sink into your being. This story can open a door, this story can become such a radical change in your life that you may never be the same again. But the story has to be understood very minutely, very carefully, very lovingly, because it is a strange tale."
