The New Art of Capturing Love: The Essential Guide to Lesbian and Gay Wedding Photography

Kathryn Hamm, Thea Dodds

The first guide to posing and sensitively capturing same-sex couples on their big day, *The New Art of Capturing Love* equips semi-pro and professional wedding photographers to enter the exciting new LGBT wedding photography market.

With nearly half of the states in the US (and 13 countries) currently recognizing same-sex partnerships, the market for LGBT weddings is poised for explosive growth, offering great opportunity for today's wedding photographers. But capturing portraits in this new market requires a new approach to posing, which until now has been nearly exclusively oriented toward pairing a larger man in black with a smaller woman in white. What works for Jack and Jill won't necessarily work for Jack and Michael, let alone Jill and Louise. *The New Art of Capturing Love* rewrites these traditional techniques, giving photographers the tools to create flattering, emotion-filled images for any couple in today's dynamic wedding market.
