## **The East Asian Peace: Conflict Prevention and Informal Peacebuilding (Critical Studies of the Asia-Pacific)** Mikael Weissmann

The East Asian peace is a mystery of the modern age. To many theorists and analysts alike, the post-Cold War calm has been seen as a temporary anomaly, potential military conflicts dominating predictions for the future. Despite this, two decades have passed in which a relative peace has been sustained and it is time to question existing forecasts. Comparing the Taiwan Strait, the South China Sea and the Korean Nuclear conflict, the author explores the informal processes that can help explain the persistence of peace, leading to hope for a future era of stability.
