Ever wonder if speedlights could work for lighting everything at your studio? Acclaimed wedding and portrait photographer Michael Mowbray asked himself that very question several years ago—and the answer was a resounding “Yes!” He now use speedlights for 99.9 percent of his award-winning portraiture both in the studio and on location. In this book, Mowbray covers the basics, then takes you through the creation of sixty images, breaking each one down to show how the lighting was set up as well as the underlying creative and technical thoughts. Armed with these no-nonsense techniques, you’ll be ready to jump-start your speedlight portraiture for better sales, more flattering portraits, and more creative results at each session!
