Visit the Louvre With the Bible. Near Eastern Antiquities Philippe Mattmann

This Department is devoted to the ancient civilizations of the Near East up to 7000 years before Christ. Did you know that? ...New Year's Eve was celebrated on different dates by the Babylonians, the Egyptians and the Romans? The halos above the heads of icons come from sun worship? The Code of Hammurabi is probably not the forerunner of biblical laws? The symbolism of the virgin and child can also be found in non-Christian religions? The cross in its various forms, including the swastika, already existed before Jesus Christ? God's name, written in ancient Hebrew can be found on a stone at the Louvre?

This is most certainly a new and original biblical journey that can help each and every one of us to question our trust in the Bible, and perhaps allow us to distinguish the extent to which historical reality surpasses legend owing to the omnipresent influence of this ancient civilization.
