Green Political Thought Andrew Dobson

Andrew Dobson's highly acclaimed introduction to green political thought is now available in a new edition. It has been fully revised and updated to take into account the areas that have grown in importance since the last edition was published.

The third edition includes:

- * a comparison of ecologism with other principal modern ideologies, such as liberalism, conservatism, fascism, socialism, feminism and anarchism
- * an assessment of the relationship between green thinking and democracy, justice and citizenship
- * an exploration of 'sustainable development' addressing the fundamental question of 'what to sustain?'
- * real environmental problems and how green thinking relates to them.
