## **Computer Simulation in Management Science** Michael Pidd

The fifth edition of this book reflects its continued popularity and standing in the field. It provides a clear guide to the role of modelling and the computer simulation methods used in management science. Readers will find an in-depth coverage of the modelling, computing and statistical aspects of discrete simulation and systems dynamics.

Overall the book shows how practical simulation models are built and used, and provides the theory needed to do this. Revisions to this edition include a new chapter on Monte Carlo simulation using spreadsheets, a new look inside discrete simulation software and simulation models in Visual Basic, SIMUL8 and Micro Saint.

### From reader reviews:

#### **Tara Wilson:**

Do you have favorite book? If you have, what is your favorite's book? Book is very important thing for us to find out everything in the world. Each publication has different aim or even goal; it means that book has different type. Some people feel enjoy to spend their the perfect time to read a book. They are really reading whatever they consider because their hobby is reading a book. Consider the person who don't like reading through a book? Sometime, person feel need book if they found difficult problem or even exercise. Well, probably you will need this Computer Simulation in Management Science.

#### **Dan Gray:**

Are you kind of active person, only have 10 or even 15 minute in your day time to upgrading your mind skill or thinking skill perhaps analytical thinking? Then you have problem with the book than can satisfy your limited time to read it because this time you only find guide that need more time to be study. Computer Simulation in Management Science can be your answer as it can be read by anyone who have those short spare time problems.

#### **Curt Stewart:**

In this era globalization it is important to someone to receive information. The information will make a professional understand the condition of the world. The fitness of the world makes the information better to share. You can find a lot of referrals to get information example: internet, paper, book, and soon. You can see that now, a lot of publisher that will print many kinds of book. The actual book that recommended for your requirements is Computer Simulation in Management Science this reserve consist a lot of the information in the condition of this world now. This kind of book was represented so why is the world has grown up. The words styles that writer value to explain it is easy to understand. The particular writer made some study when he makes this book. That's why this book ideal all of you.

#### **Julio Huntsman:**

Many people said that they feel fed up when they reading a publication. They are directly felt it when they get a half portions of the book. You can choose often the book Computer Simulation in Management Science to make your reading is interesting. Your current skill of reading skill is developing when you including reading. Try to choose very simple book to make you enjoy to learn it and mingle the impression about book and examining especially. It is to be very first opinion for you to like to open up a book and read it. Beside that the guide Computer Simulation in Management Science can to be your friend when you're sense alone and confuse in doing what must you're doing of that time.
