Mosby's Pocket Guide to Pediatric Assessment (Nursing Pocket Guides)

Joyce K. Engel

Mosby's Pocket Guide to Pediatric Assessment (Nursing Pocket Guides) Joyce K. Engel

Mosby's Pocket Guide to Pediatric Assessment offers a concise but comprehensive approach to health assessment for the pediatric client. It begins with a general description of history taking and includes approaches to children at various ages, nutritional assessment, and measurement and evaluation of vital signs. Emphasis is on "how to" information, including how and what to assess in each body system. Psychosocial, anatomical, and physiological development variations are incorporated as appropriate, as well as normal and abnormal findings. Given the extensive information provided, this reference is ideal for a broad range of nurses and students dealing with pediatric patients.

- Concise, portable size makes this book very handy for use in clinical settings.
- Presents content in an outline format for clinical practicality.
- Includes both psychosocial and physical aspects of assessment within a developmental framework.
- Body system organization facilitates retrieval of information.
- Highlighted clinical alerts call attention to potentially serious findings.
- Up-to-date growth charts are provided for birth through age 18.

- Extensively revised to reflect trends in pediatric nursing, up-to-date techniques, and current literature.
- A new chapter on assessment of mental health addresses growing areas of concern including school phobia, ADHD, depression, suicide, anxiety, and schizophrenia.
- New tables provide quick reference to common childhood symptoms (i.e., fever, diarrhea, vomiting).
- Updated coverage of immunizations (U.S. and Canada) includes information regarding relevance and normal timing of immunizations as well as most current published tables.
- Nursing diagnoses have been updated throughout.

From reader reviews:

Angel Garcia:

With other case, little men and women like to read book Mosby's Pocket Guide to Pediatric Assessment (Nursing Pocket Guides). You can choose the best book if you like reading a book. So long as we know about how is important any book Mosby's Pocket Guide to Pediatric Assessment (Nursing Pocket Guides). You can add know-how and of course you can around the world by way of a book. Absolutely right, mainly because from book you can understand everything! From your country until eventually foreign or abroad you will find yourself known. About simple factor until wonderful thing it is possible to know that. In this era, we can open a book or maybe searching by internet product. It is called e-book. You should use it when you feel fed up to go to the library. Let's go through.

Raymond Roth:

Information is provisions for folks to get better life, information currently can get by anyone on everywhere. The information can be a knowledge or any news even a problem. What people must be consider whenever those information which is within the former life are challenging to be find than now's taking seriously which one is appropriate to believe or which one the actual resource are convinced. If you have the unstable resource then you get it as your main information you will have huge disadvantage for you. All those possibilities will not happen inside you if you take Mosby's Pocket Guide to Pediatric Assessment (Nursing Pocket Guides) as the daily resource information.

Erin Harmon:

Precisely why? Because this Mosby's Pocket Guide to Pediatric Assessment (Nursing Pocket Guides) is an unordinary book that the inside of the book waiting for you to snap this but latter it will shock you with the secret the idea inside. Reading this book beside it was fantastic author who also write the book in such wonderful way makes the content interior easier to understand, entertaining means but still convey the meaning thoroughly. So , it is good for you for not hesitating having this any longer or you going to regret it. This book will give you a lot of gains than the other book possess such as help improving your skill and your critical thinking means. So , still want to delay having that book? If I have been you I will go to the guide store hurriedly.

Sandra Earnhardt:

As a scholar exactly feel bored to reading. If their teacher expected them to go to the library or to make summary for some e-book, they are complained. Just very little students that has reading's internal or real their hobby. They just do what the educator want, like asked to go to the library. They go to at this time there but nothing reading significantly. Any students feel that reading through is not important, boring and also can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we would like. Likewise word says, ways to

reach Chinese's country. Therefore , this Mosby's Pocket Guide to Pediatric Assessment (Nursing Pocket Guides) can make you feel more interested to read.
