National Research Council

Prudent Practices in the Laboratory: Handling and Disposing of Chemicals National Research Council
Prudent Practices in the Laboratory: Handling and Disposal of Chemicals combines two bestsellers-Prudent Practices for Handling Hazardous Chemicals in Laboratories and Prudent Practices for Disposal of Chemicals from Laboratories. These titles have served for more than a decade as leading sources of chemical safety guidelines for the laboratory. Developed by experts from academia and industry, with specialties in areas of chemical sciences, pollution prevention, and laboratory safety, Prudent Practices for Safety in Laboratories provides step-by-step planning procedures for handling, storage, and disposal of chemicals. The volume explores the current culture of laboratory safety and provides an updated guide to federal regulations. Designed around a recommended workflow protocol for experiments, the book provides practical information on assessing hazards, managing chemicals, disposing of wastes, and more!
