Wayuu: People of the Columbian Desert

Wayuu: People of the Columbian Desert

Successful survivors of the tragic destiny that fell upon most indigenous communities after the arrival of European conquerors to America, the Wayuu ethnica has been for hundreds of years, one of the principal identity paradigms of the Colombian culture. They are descendants of the Arawak Indians of Guyana, and have managed to survive in the tough conditions of the desert; La Guajira is the most arid area in the Caribbean and only the Wayuu have been able to tame it, thanks to a strong belief in their own culture. The Wayuu people are semi-nomad shepherds and hunters that lived isolated for generations but are now, thanks to XX Century modern communications, a people known for its creative resources, deep roots in their culture and wise knowledge of the nature of men in the world. In his own way, Santiago Harker, an experienced photographer, keeps away from a purely historic look, to see this extraordinary universe of the Wayuu in the form of a book that shows the wisdom of the Indians, heirs of the Colombian desert, and the natives as individuals in an alienated society. Finally, Wayuu, people of the Colombian desert, as the flap of the book reads, “is a dream-inspiring and thought-provoking hallucinatory journey through fantastic landscapes and human encounters.”
